

EasyWeed™
Glow in the Dark by Siser®

- Soft hand
- Thin material
- Vibrant glow

Easyweed™ Glow-In-The-Dark is a highly durable, white polyurethane film that casts a great glow when the light is out. Ideal for decorating costumes, holiday T-shirts or any shirt that needs to stand out in the dark. Also popular for promo shirts for nightclubs, concerts and more. Amusement parks can offer glow-in-the dark shirts to its

night-time patrons, and haunted houses can feature glowing skulls and ghosts on apparel to promote their business.

It's idea for multicolor designs because the thin layers do not add as much bulk as traditional films, but remain flexible with a soft hand. It is easily heat applied to 100% cotton, 100% polyester and cotton/poly blended fabrics.
