

# Reference Chart for Siser® CAD-Materials

Recommended Accessories: Siser® Weeder, Kraft Paper or Teflon® Sheet

## DESCRIPTION:

Our #1 Selling CAD-Material because of the EasyWeed™ Advantage! Lower temperature, HOT or COLD peel, no lifting, durable wash after wash, and lower pressure than our competitors! A one-step application that is great for multiple layers.

Performance wear has met its match! We deliver all the benefits of EasyWeed™ combined with super stretchability into one remarkable heat transfer material. The thinnest of any Siser® material, EasyWeed™ Stretch has a soft hand and an ultra matte finish.

Introducing the Newest trend in CAD-Materials for the fashion industry. It's EasyWeed™ with an "electric" effect.

It's all the benefits of EasyWeed™ plus it goes on nylon! Our #1 selling CAD-Material that now goes on difficult fabrics. EasyWeed™ Extra is on a pressure sensitive carrier that makes it easier to weed small letters and fine detail.

EasyWeed™ Glow in the Dark is a highly durable, white polyurethane film that casts a great glow when the light is out. Ideal for decorating costumes, holiday t-shirts or any shirt that needs to stand out in the dark!
